Office of Inspector General

Program Exclusions: September 1995

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of September 1995, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, Maternal and Child Health Services Block Grant and Block Grants to States for Social Services programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.

Prineville District; Closure of Public Lands; Oregon

October 19, 1995.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice is hereby given that Pictograph Cave, Deschutes County, Oregon, is seasonally closed to all visitor use.

Pictograph Cave in Deschutes County, Oregon, and the sinkhole areas adjacent to both entrances, are closed to all visitor use from October 15 to May 1. These dates are subject to change as a result of annual weather conditions or as more specific data pertaining to use of the site by sensitive bat species is acquired. Closure dates will be posted at the cave site and at the Prineville District Office. The purpose of this closure is to protect the Townsend's big-eared bat (*Plecotus townsendii*) from human disturbance during hibernation. This species is extremely sensitive to human disturbance in the winter months; any disturbance that awakens the bats during this period may result in their death. Pictograph Cave is a known hibernacula site for the Townsend's big-eared bat. Exemptions to this closure will apply to administrative personnel (Bureau of Land Management, Forest Service, and Oregon Department of Fish & Wildlife) for monitoring purposes; other exemptions to this restriction may be made on a case-by-case basis by the authorized officer. Exemptions could include approved research, essential search and rescue, other emergency actions or administrative operations for cave resources protection. The authority for this closure is 43 CFR 8364.1: Closure and restriction orders.

A more specific location of public lands under this closure order is not provided in order to protect sensitive cave resources. Cave locations are exempt from the Freedom of

Information Act under the Federal Cave Resources Protection Act of 1988.
